

# Alpine S2-W10D2 10" Subwoofer

**Brand:** Alpine Car Audio  
**Product Code:** S2-W10D2  
**Availability:** In Stock  
**UPC:** 793276085252  
**MPN:** S2-W10D2  
**Location:** Cleveland, Ohio

**Price: \$199.99**

## Short Description

Add extra punch to your sound system with the S-Series S2-W10D2 10" Subwoofer; now redesigned for powerful and reliable bass performance at an approachable price point.

## Description

Add extra punch to your sound system with the S-Series S2-W10D2 10" Subwoofer; now redesigned for powerful and reliable bass performance at an approachable price point.

## Features

- Dual Voice Coil (DVC) Subwoofers with Configuration Jumpers
- Carbon Fiber / Poly Propylene Cone
- Poly Propylene / Ceramic Dust Cap
- Twist-Lock Grille Mount System
- High-Amplitude Multi-Roll (H.A.M.R.) Surround
- High-Grade Strontium Ferrite Magnets
- 600W RMS / 1800W MAX

## PERFORMANCE & VALUE

With an impressive power handling of 600W RMS and a peak power handling of 1800W, the Next-Gen 10" S-Series Subwoofers deliver outstanding performance value. Boasting a wide frequency response range of 25Hz to 215Hz and a sensitivity of 85dB (1W/1m), these subs ensure powerful and accurate bass reproduction across a diverse range of music genres.

## ENHANCED PUNCH

Featuring the lightweight yet sturdy combination of carbon fiber and polypropylene, the Next-Gen S-Series Subwoofer cone delivers deep, low-distortion bass that enhances the depth and richness of your music.

## HAMR Surround

The Next-Generation S-Series Subwoofers contain Alpine's High Amplitude Multi-Roll (H.A.M.R.) Surround Technology. This rubber surround allows the subwoofer cone to efficiently move air while staying cool. This technology allows for 15mm of one-way excursion that creates incredible accuracy from the subwoofer.

# Flexible Application

A Dual Voice Coil (DVC) with easy configuration jumpers make installing the S-Series subwoofers a breeze. A new twist-lock grille mounting system makes it easy to install and remove an optional grille without mounting screws for added protection to the cone.
