Short Description
AutoStart 1-Way 1-Mile Remote Control For ASRS-1554

Description
Brand NEW AutoStart GSRS-1554 1-Way 1-Mile+ Range Remote Control Transmitter

Original Autostart, Generic Start, Polar Start, Command Start GSRS-1554 5-button remote control transmitter for various Autostart and Command Start systems, see list below. Are you looking for a replacement Autostart remote control for your system or just need an additional remote control? Buy with confidence from Access 1 Alarm and Audio!.

Will work with the following AutoStart Command Start systems

- AS-RFD1554
- AS-RFD3520
- AS-RFD7506
- AS-2386TWS
- DS3
- DS3+
- DS4

- DS4*

Works with the following Remote Controls:

- ASDS-1554
- ASDS-3520
- ASDS-7505
- ASDS-7506

Programming Instructions

Programming:

- Press and hold the transmitter's "AUX" button until the remote emits a long beep. Release the "AUX" button.
- Press and release the START button. The transmit LED will start to flash.
- The remote is now in Pairing mode for a maximum of 20 seconds.
- Turn ignition ON with the key.
- Press, release, then press and hold the Antenna button until the antenna LED flashes once. Release the button. The DS4+ system is now in Pairing mode.
- Press the transmitter's LOCK button. The horn/siren will sound to indicate the system has learned the remote ID, then it will exit out of Pairing mode after a pairing attempt.
- If pairing fails, repeat step 1.
- Once pairing is complete, turn ignition OFF. The horn/siren will sound to confirm exiting.
