Product Code: iLX-407-Alpine

Availability: 2

UPC: 793276084293

MPN: iLX-407

Location: Cleveland, Ohio

Price: \$539.99

Short Description

Add Apple CarPlay and AndroidAuto to your vehicle with this 7" touchscreen with Bluetooth, HDMI, USB and more.

Description

The iLX-407 upgrades your vehicle's technology with Apple CarPlay, Android Auto, and Bluetooth for hands-free calling with audio streaming. Built-in HD Radio and an HDMI input give you all the entertainment options you need.

Apple CarPlay

The iLX-407 "Works with Apple CarPlay" and lets iPhone users make and receive calls, access text messages, play music, and get directions in a way that allows them to stay focused on the road. Apple CarPlay is accessed through the capacitive touch screen or the mic button to activate Siri voice control and is compatible with iPhone 5 and later (iPhone must be connected via Apple lightning cable).

Android Auto

The iLX-407 includes Android Auto and works with the Google Assistant (requires both a USB cable and Bluetooth® connection; requires an Android™ phone running 5.0

[Lollipop] or higher and the Android Auto app). To access the Google Assistant on Android Auto, say "OK Google" or select the mic button. Google Assistant in Android Auto allows users to play their favorite music, get driving directions to their destination, interact with smart home devices and reply to text messages – hands-free.

More Entertainment Options

While the iLX-407 is mech-less (no CD/DVD player), you still have plenty of entertainment options that will make every drive exciting. A rear USB port allows you to listen to your music or video file via USB or connect your smartphone to access your music by searching song title, artist info, or album. The iLX-407 has built-in HD Radio® and can also connect to Pandora® Internet Radio through your iPhone® or Android™ smartphone. SiriusXM® Radio is also available with an optional tuner and paid subscription. A HDMI input is available should you choose to connect a CD/DVD player for all-digital audio and video connection through a single cable or wanting to add Roku, Chromecast or AppleTV.

Price: \$539.99 +Tax

***FREE INSTALLATION:** Free basic installation is what it says, free and basic! It does not include parts that are needed on most vehicles out there such as dash kits, wiring adapters, antenna adapters, steering wheel controls and so on. Nor does it include vehicles such as Mercedes-Benz, Porsche, Audi, etc... or any vehicle that requires hours of labor to access the radio or fix someone else's bad install.
