Short Description
Clifford 2-Way LED With Rechargeable Battery

Description

Brand New Clifford 7857X Rechargeable 2-Way LED Remote Control (Limited Availability)

Limited Availability: The Clifford 7857X has been discontinued by the manufacturer and limited inventory remains available.

If current inventory is sold out, the recommended replacement is the Viper 7858V rechargeable 2-way LED remote control.

The Clifford 7857X rechargeable 2-way LED remote control features bright LED command confirmation, USB charging capability and up to 1-mile operating range. Designed for compatible Clifford remote start and security systems, the 7857X provides reliable two-way communication and remains a popular replacement for customers needing to replace a lost or damaged transmitter.

The Clifford 7857X is the fourth-generation LED 2-way remote control from Clifford

and works with compatible Clifford DS3, DS3+, DS4, DS4+, 3606X, 3706X, 3806X, 4606X, 4706X, 4806X, 5606X, 5706X and 5806X systems. It also serves as an upgrade remote control for many compatible Clifford security and remote start systems.

Purchase with confidence from Access 1 Alarm & Audio, Cleveland, Ohio's premier mobile electronics shop. Every Clifford 7857X remote control sold by Access 1 is a genuine transmitter sourced directly from the original manufacturer. No knockoffs, no refurbished units and no reprogrammed returns—just authentic Clifford quality backed by knowledgeable support and years of experience.

Replacement Information

The Clifford 7857X replaced the older Clifford 7856X remote control. The current manufacturer replacement for the 7857X is the newer Viper 7858V rechargeable 2-way LED remote control.
