sales@access1alarm.com

Availability: In Stock **UPC:** 93207096709

MPN: 5606V

Location: Cleveland

Price: \$449.99

Short Description

Looking for a car alarm with remote start with 1/2- mile range that is upgradeable in the future to a 2-way? This Viper system fits the bill and is equipped with a shock sensor and starter interrupt.

Description

Protect your vehicle from thieves and vandals, and start your engine with the push of a button from up to 1/2-mile away. This system features one slender and elegant 5 button SuperCode remote control. Based on the Best of Innovations Award-winning 2-Way Responder LE Security and Remote Start System, this is the value-priced 1-Way version.

Key Features:

- 1/2-mile range
- Upgradable to 2-way by adding remote control
- 4-channel security/remote start/keyless entry system
- Failsafe® Starter Kill
- Control Center with integrated valet switch and bright blue status LED
- Stinger® DoubleGuard® Shock Sensor
- Ground when armed sensor port for additional sensors
- 4 Auxiliary Outputs
- One 1-Way 7656V remote controls

- Includes Data Interface
- Revenger® 6 Tone Siren
- Viper SmartStart Compatible

Includes:

- All Required Harnesses for Installation
- Professional Installation*
- Lifetime warranty; 1-year remote control warranty

*The fine print: Not all vehicles are build the same and in some instances extra parts or labor might be required to install this system, such as; hood pins, data interfaces, relays, etc... Some vehicles might even require a completely different system or aren't supported.

Our Warranty

Access 1 Alarm & Audio provides to the ORIGINAL owner a lifetime warranty on the installed system and includes the Control Module (brain), Antenna, Program Switch, LED and labor.

- NOTE: The lifetime warranty DOES NOT include remote controls, which are covered by a 1-year warranty against defects.
- NOTE: Disconnecting or modifying the wiring by anyone other than Access 1 Alarm & Audio VOIDS the warranty.
- NOTE: If technology moves on and your system is obsolete due to the country's infrastructure progressing, we can't warranty the system. As what happened with the 2G cellular network.
