Alpine R2-S65C 2-Way Components

Brand: Alpine Car Audio
Product Code: R2-S65C
Stock: 1
UPC: 793276084866
Custom Field 2 (EAN): 4958043905805
MPN: R2-S65C
Location: Cleveland, Ohio

Price: $349.95

Short Description
Engineered to deliver crisp highs, rich mids, and deep lows, the Next-Gen R-Series R2-S65C Speakers will elevate your music for a truly loud and fun sound experience.

Description
The Next-Generation R-Series sound system line features the same “Loud and Fun” experience now certified for High-Resolution Playback.

Features

- Hi-Res Audio Certified
- Glass Fiber Reinforced Cone
- Die-Cast Aluminum Basket
- Ferrite Magnet Structure
- High-Amplitude Multi-Roll (H.A.M.R.) Surround
- 2 Premium-Grade Full Passive Crossover Networks
- Magnesium Hard-Dome Tweeters with Swivel Mount
- Protective Open Mesh Grille Pair Included

HI-RES CERTIFIED - PRO PERFORMANCE

The Next-Generation R-Series Speakers are Hi-Res Audio Certified and able to reproduce up to 40kHz frequency response. This ultra-wide bandwidth brings music even closer to the original source while the classic R-Series design maintains the “loud and fun” performance quality that long-time fans have come to enjoy.

The Next-Generation R-Series speakers now come in upgraded ‘Pro’ models in addition to the standard model lineup. The pro models utilize a highly rigid, die-cast aluminum basket that eliminates flexing and resonance during playback to ensure the highest quality sound performance.

Glass-Fiber Reinforced Cone

The new lightweight and rigid glass fiber-reinforced cone material allows for extreme movement and low distortion which results in an incredibly accurate and clean sound during playback

Upgraded Mid-Bass

The Next-Generation R-Series speakers utilize a ferrite magnet, different from the neodymium from previous generations, and a larger motor structure that contributes to more mid-bass during the playback.

Flexible Application

Magnesium, hard-dome tweeters contribute to the “loud and fun” R-series sound signature and feature a swivel-mount design for optimal listening positioning and threaded removable housing for flexible factory applications

Specification

Speakers	
Speaker Brand	Alpine
Speaker Size	6 1/2", 1"
Speaker Type	Component 2-Way
Sensitivity	91
Frequency Response	65Hz - 40kHz
Impedance	4 Ohm
Power Handling RMS	100 Watts / 300 Watts Max
Woofer Cone Material	Reinforced Glass Fiber
Woofer Surround Material	Rubber
Woofer Basket Material	Aluminum
Tweeter Cone Material	Magnesium
Grilles Included	Yes
Hi-Res Certified	Yes
