**MPN**: S2-W8D2

Location: Cleveland, Ohio

Price: \$169.95

#### **Short Description**

Add extra punch to your sound system with the S-Series S2-W8D2 8" Subwoofer; now redesigned for powerful and reliable bass performance at an approachable price point.

#### **Description**

Add extra punch to your sound system with the S-Series S2-W8D2 8" Subwoofer; now redesigned for powerful and reliable bass performance at an approachable price point.

#### **Features**

- Dual Voice Coil (DVC) Subwoofers with Configuration Jumpers
- Carbon Fiber / Poly Propylene Cone
- Poly Propylene / Ceramic Dust Cap
- Twist-Lock Grille Mount System
- High-Amplitude Multi-Roll (H.A.M.R.) Surround
- High-Grade Strontium Ferrite Magnets
- 600W RMS / 1800W MAX

## **PERFORMANCE & VALUE**

With an impressive power handling of 600W RMS and a peak power handling of 1800W, the Next-Gen 10" S-Series Subwoofers deliver outstanding performance value. Boasting a wide frequency response range of 25Hz to 215Hz and a sensitivity of 85dB (1W/1m), these subs ensure powerful and accurate bass reproduction across a diverse range of music genres.

Featuring the lightweight yet sturdy combination of carbon fiber and polypropylene, the Next-Gen S-Series Subwoofer cone delivers deep, low-distortion bass that enhances the depth and richness of your music.

## **HAMR Surround**

The Next-Generation S-Series Subwoofers contain Alpine's High Amplitude Multi-Roll (H.A.M.R.) Surround Technology. This rubber surround allows the subwoofer cone to efficiently move air while staying cool. This technology allows for 15mm of one-way excursion that creates incredible accuracy from the subwoofer.

## Flexible Application

A Dual Voice Coil (DVC) with easy configuration jumpers make installing the S-Series subwoofers a breeze. A new twist-lock grille mounting system makes it easy to install and remove an optional grille without mounting screws for added protection to the cone.

### **Specification**

opcomoation	
Subwoofers	
Subwoofer Brand	Alpine
Subwoofer Size	8"
Power Handling	300W / 900W
RMS/MAX	
Number of Voicecoils	Dual 2 ohm
