Short Description

Viper 7347V For Discontinued Clifford 7345X 2-Way 1/4-Mile Range LCD Remote Control

Description

Brand NEW Viper 2-Way LCD Replacement Remote Control For The Discontinued Clifford 7345X

The Clifford 7345X 2-way 1/4-mile remote control is no longer available from the manufacturer. The current available remote control is the Viper 7347V. Same great reliable remote control , but packaged for Viper and will work for Clifford's older analog 3305X and 5305X systems. Do you have the comparable Python and Viper systems? You can replace those remotes with this remote control. Reference the application table below.

Viper's 7347V is the same as Clifford's elegant 7345X 4-button remote control transmitter that is a sophisticated 2-Way remote control that features a clean sleek ergonomic industrial design made to fit the user's hand comfortably, enabling effortless and intuitive single-handed operation.

This remote control is from the original manufacturer ensuring that you are receiving a genuine NEW product made for your Clifford system. This remote works with many Viper, Avital, and Clifford systems

Works with the following Clifford systems:

- 3301X
- 3302X
- 3305X
- 5305X
- MATRIX 10.5
- MATRIX 12.5X

Will replace the following remote Clifford remote controls:

- 7341X

Please make sure you have a working control unit installed in the vehicle prior to ordering this remote control. Programming instructions are included in the package and will require accessing your valet/programming switch. Video instructions will be available on our YouTube page under remote controls.

Please contact us if you have any questions.
