- 181TWSP
- 185TWSP
- 18LCDSP
- 181XPR
- 185SPR
- 181TWXPR
- 18LCDRE

Please make sure you have a working control unit installed in the vehicle prior to ordering this remote control. Programming instructions are included in the package and will require accessing your valet/programming switch located on your antenna.

### **Programming**

Standard Programming: This method is used to program additional or replacement transmitters. Before you begin, have all transmitters which are to operate the system at hand.

- 1. Turn the ignition key to the on position.
- 2. Press and release the valet/programming switch 3 times (Siren Chirps).
- 3. Press the Lock Button of each transmitter you want programmed until you hear a chirp from the horn or siren.
- 4. Turn the ignition switch off.

The above action programs the Lock, Unlock, Start/Trunk, and Option 1 buttons which are typical for most systems. For additional channel programming beyond the option 1 button, please reference your owners manual.

Please contact us if you have any questions.
