508D Perimeter Sensor

Brand: Directed
Product Code: 508D
Stock: 4
UPC: 093207050848
MPN: 508D
Location: Cleveland, OH

Price: $79.99

Short Description
Perimeter or proximity sensors create an invisible protective zone around your vehicle and can warn potential intruders before they touch the vehicle.

Description

Directed Electronics 508D Dual Zone Proximity Sensor

The Directed Electronics 508D adds an additional layer of protection to compatible vehicle security systems by detecting motion both inside and around the vehicle using an ultra-high frequency field. The dual-zone design provides a Warn-Away alert when movement is detected near the vehicle while triggering the full alarm if intrusion into the inner protected zone occurs.

Ideal for convertibles, vehicles with removable tops, or applications requiring enhanced perimeter protection, the 508D helps deter theft before entry is attempted. Designed for integration with many Viper, Avital, Automate, Clifford, Python and other Directed Electronics compatible VOXX/DEI security systems, the 508D can be mounted near the center of the vehicle for optimal coverage and detection performance.

Installation Note: Professional installation available.

Warranty: Includes a 1-year manufacturer warranty.
