

Python 7341P + 7145P 2-Way LCD & 1-Way Remote Control Bundle

Brand: Python

Product Code: 7341P-7145P

Stock: 4

UPC: 093207064838

FCC ID: EZSDEI489

MPN: 7341P-7145P

Location: Cleveland, Ohio

Price: \$149.99

Short Description

Get two genuine Python remotes in one package: the **7341P 2-Way LCD remote** plus the **7145P 1-Way companion remote** for compatible Python security and remote-start systems. **\$149.99 with FREE U.S. shipping.**

Description

Python 7341P + 7145P 2-Way LCD & 1-Way Remote Control Bundle

Get two genuine Python remote controls in one convenient package: the **Python 7341P 2-Way LCD remote** and the **Python 7145P 1-Way companion remote**. This bundle provides a primary LCD remote with system feedback and a convenient secondary remote for compatible vehicle security and remote-start systems.

Compatible applications include select Python, Viper, Clifford Matrix, Automate, Avital and Mesa systems using the appropriate receiver / Control Center.

\$149.99 FREE Shipping in the USA

GENUINE PYTHON REMOTES Two brand-new original manufacturer remote controls

2-WAY LCD + 1-WAY Primary LCD remote and secondary companion remote

5-BUTTON CONTROL Convenient security and remote-start functionality

CROSS-BRAND COMPATIBILITY Compatible Directed-family systems and receivers

What's Included in the Python 7341P + 7145P Bundle?

Python 7341P — 2-Way LCD Remote

Genuine Python 7341P 2-way LCD remote control with visual confirmation of supported security and remote-start commands.

Model: 7341P

Remote Type: 2-Way 5-Button LCD

Battery: AAA

FCC ID: EZSDEI489

Python 7145P — 1-Way Companion Remote

Genuine Python 7145P 1-way remote control for convenient operation of supported security and remote-start functions. Ideal as a spare or for another driver.

Model: 7145P

Remote Type: 1-Way

Application: Companion / Spare

Why Can Python Remotes Work With Viper or Clifford Systems?

Python, Viper, Clifford, Automate and Avital are brands associated with the Directed family of vehicle security and remote-start products.

Many compatible Directed systems share remote-control communication technology. This allows the genuine **Python 7341P** to operate select systems originally supplied with a different Directed-brand remote.

The important factors are the installed security or remote-start system and its receiver / Control Center, rather than the brand name printed on the remote.

Both remotes in this package are **brand-new genuine Python remote controls**, not aftermarket reproductions, used remotes or reprogrammed returns.

Python 7341P Replacement Remote Compatibility

The Python 7341P 2-way LCD remote in this bundle can replace the following remote-control models when used with a compatible security or remote-start system and receiver / Control Center:

VIPER 489V 7341V 7345V
PYTHON 489P 7341P
CLIFFORD 489X 489XD 7341X 7345X
AUTOMATE 7344A
AVITAL 7345L 7353L

Python 7341P + 7145P Bundle Specifications

Primary Remote Python 7341P
Companion Remote Python 7145P

Remote Configuration 2-Way LCD + 1-Way

7341P FCC ID EZSDEI489

Python 7341P System Compatibility

The Python 7341P is compatible with select Viper, Python, Clifford Matrix, Automate, Avital and Mesa security and remote-start systems using a compatible receiver / Control Center. Confirm companion remote support for the Python 7145P before ordering the bundle.

VIPER

- 3305V
- 3308V
- 4305V
- 5305V
- 5308V
- Responder 350
- 5000
- 5002

PYTHON

- Responder 460
- 3305P
- 5305P
- 900
- 902

CLIFFORD MATRIX

- Matrix 1X
- Matrix 10.5
- Matrix 12.5X
- 3305X
- Matrix 5305X
- 5305
- Matrix 5325X

AUTOMATE

- 5305A

AVITAL

- 3305L
- 3308L
- 5305
- 5308L

MESA

- 3307VM
- 5307VM

IMPORTANT COMPATIBILITY INFORMATION:

If a **Python 7341P** previously operated your system, the primary remote in this bundle is the same model. The package also includes the Python 7145P 1-way companion remote.

Both remotes must be supported by the installed security / remote-start system and receiver / Control Center and properly programmed before use.

Remote compatibility is **not determined by the vehicle's year, make or model**. Verify the installed system and receiver if you are unsure.

Programming Instructions

Python 7341P Remote Programming Instructions

The following Learn Routine is used to program the **Python 7341P 2-Way LCD remote control** to a compatible system.

Prepare the Vehicle System for Pairing

1. **Door:** Open a door.
2. **Key:** Turn the key to the **ON** position.
3. **Choose:** Within 5 seconds, press and release the **Valet/Program button** the number of times corresponding to your system in the table below. Then press the Valet/Program button one more time and **hold it**. The LED flashes the same number of times as the selected channel and the siren chirps to confirm the selected channel. **DO NOT release the Valet/Program button.**
4. **Transmit:** While continuing to hold the Valet/Program button, press the **LOCK button** on the remote. The unit chirps to confirm that the remote has been paired to the receiver.
5. **Release:** Once the remote control has been paired, release the Valet/Program button and remove the key.

Valet/Program Button Selection

1 Time	Python 5305P
7 Times	Python 3305P / Responder 460

Important: The number of Valet/Program button presses is determined by the Python system being programmed. Use **1 press for the 5305P** or **7 presses for the 3305P / Responder 460**.

Note: Refer to the owner's guide for remote-control operation after programming is complete.

Specification

Remote Control	
Works With Antenna(s)	548T 6213T A6214T
