Short Description
Remote start your 2008–2014 Mercedes-Benz C-Class sedan by pressing LOCK three times on your factory key. Compatible with supported tip-start key and push-to-start vehicles. No OEM key sacrificed. Professional installation included. Limited offer—only 4 systems available.

Description

2008–2014 MERCEDES-BENZ C-CLASS SEDAN

Factory-Key Remote Start — Professionally Installed

Start your Mercedes-Benz using the factory key you already carry. Simply press **LOCK three times** to activate remote start.

Factory-Key Convenience. No Extra Remote Required.

Give your C-Class the convenience of remote start without adding another remote to your keychain. This professionally installed package uses three presses of the LOCK button on your factory Mercedes-Benz key to start your vehicle before you get inside.

Give your vehicle time to warm up on cold Cleveland mornings or begin cooling the cabin during warmer weather. Factory-key operation works within your factory remote's operating range.

No OEM Key Sacrificed

Keep all of your factory keys. This installation does not require permanently leaving a factory key inside your vehicle.

Package Highlights

- **3X LOCK activation:** Remote start using your existing factory key.
- **Tip-start key or push-to-start:** Available for supported vehicles with either starting configuration.
- **No OEM key sacrificed:** Retain all of your factory keys.
- **No additional handheld remote required:** Continue carrying your factory Mercedes-Benz key.
- **$799.99 professionally installed:** Includes the remote-start system and professional installation by Access One Alarm & Audio.

Vehicle Compatibility

This offer is for supported **2008–2014 Mercedes-Benz C-Class W204 sedans**, including compatible tip-start key and push-to-start applications.

Please provide your vehicle's year, model, starting configuration and VIN when contacting us. We will verify compatibility before scheduling installation. This listing does not establish fitment for coupes, wagons, 2015 models or every trim and equipment configuration.

Want Smartphone Control?

Ask about our separate smartphone-control package if you would like to operate your remote start from a compatible smartphone. **Smartphone and smartwatch control are not included in this $799.99 factory-key package.** Equipment, device compatibility and any service-plan requirements will be explained before purchase.

Professional Installation in Cleveland

Your remote-start system is professionally installed and tested by Access One Alarm & Audio. This offer is an installed package, not an uninstalled do-it-yourself kit. Contact our team to confirm your application and arrange an installation appointment.
