Description
MERCEDES-AMG GT • 2015–2019

Factory-key convenience. Professionally installed in Cleveland, Ohio.

Remote start your 2015–2019 Mercedes-AMG GT Coupe and Sedan with the factory key you already carry. Give the cabin time to warm up during a Cleveland winter or begin cooling before a summer drive, with temperature-based control of compatible factory comfort features.

Working Spare Factory Key Required

You must supply a working spare factory key for this installation. Confirm your exact vehicle, factory equipment and key compatibility before booking.

FACTORY KEY CONTROL Panic button or lock-unlock-lock activation.
AUTOMATIC COMFORT Temperature-based heated seat and defroster activation.
INSTALLATION INCLUDED $1,499.99 at our Cleveland shop.

Coupe & Sedan Module Fitment

Module selection and programming must match your exact Mercedes-AMG GT coupe or sedan, model year, factory equipment and key configuration. We confirm the vehicle and required module before scheduling installation.

Designed Around Your Mercedes-AMG GT

- **Factory-key operation:** Activate remote start using the Panic button or lock-unlock-lock sequence on your existing fob.
- **Heated seats:** Automatically activate compatible OEM heated seats based on a programmable outside-temperature threshold.
- **Rear defroster:** Activate automatically at the programmed outside-temperature threshold.
- **Steering-wheel programming:** Adjust supported settings such as run time, number of starts, heated-seat temperature threshold and light flashes through the steering-wheel controls.
- **Cooled seats, where supported:** Compatible factory cooled seats can activate based on a programmable outside-temperature threshold. This function requires additional installer programming with compatible firmware tools and a computer; availability must be confirmed for the vehicle and installed system.
- **Extended-range control:** Compatible RF remotes and the required interface can

be added for extended range. Confirm supported remotes and hardware before booking. AM remotes are not compatible.
- **SmartStart compatible:** Add Directed / Viper SmartStart for cellular smartphone control and supported alarm notifications.

Comfort functions require the corresponding factory equipment. Available controls and notifications depend on the vehicle configuration, installed hardware and selected service plan. Factory-key range depends on your original remote and surroundings.

$1,499.99 Installed

Includes the SKS-AMG-GT-190-SEDAN system, required harnesses, programming and professional installation. Operates with your existing factory key fob; additional handheld remotes are not included. **A working spare factory key must be supplied for installation.**

Available Smartphone Upgrade

Directed / Viper SmartStart +$200

Add cellular smartphone control for virtually unlimited range. Start your vehicle from virtually anywhere in the world with an active service plan, phone internet access and compatible cellular coverage at the vehicle. Available smartphone features include start/stop, lock/unlock, vehicle status, GPS location and alarm notifications, depending on vehicle equipment, interface and plan. Cellular service is separate from the installed package. Ask to add SmartStart when booking.

Installation & Warranty

Professionally installed, programmed and tested at **Access 1 Alarm & Audio, 10418 Lorain Ave, Cleveland, OH 44111**. Includes a **5-year system warranty** and installation labor coverage **for as long as you own the vehicle**. Existing factory keys, optional cellular hardware and cellular services have separate coverage and terms.

Frequently Asked Questions

Is a spare factory key required?

Yes. You must supply a working spare factory key for installation. We confirm key compatibility and your exact vehicle configuration before scheduling.

How do I activate remote start?

Use the Panic button or lock-unlock-lock sequence on your original factory key fob. We demonstrate your configured start and stop procedure at pickup. Operating range depends on your factory remote and surroundings.

Will it activate heated seats and the rear defroster?

Yes, with compatible factory equipment. Heated seats and the rear defroster activate according to programmable outside-temperature thresholds.

What can I adjust?

Supported settings can be programmed from the steering-wheel controls, including run time, number of starts, heated-seat temperature threshold and light flashes. Cooled-seat activation, where available, needs compatible factory equipment and additional installer programming with firmware tools and a computer.

Can I use my smartphone?

Add Directed / Viper SmartStart for $200. With compatible installed hardware and an active plan, available features include remote start/stop, lock/unlock, vehicle status, location and alarm notifications. Feature availability depends on the vehicle, hardware and service plan.

Does $1,499.99 include installation?

Yes. The SKS-AMG-GT-190-SEDAN system, required harnesses, programming and professional installation at Access 1 Alarm & Audio in Cleveland, Ohio are included.

What warranty is included?

The remote start system has a 5-year warranty. Installation labor is covered for as long as you own the vehicle. Existing factory keys and optional cellular hardware or service have separate coverage and terms.

Which coupe or sedan module do I need?

Module selection and programming must match your exact Mercedes-AMG GT coupe or sedan, model year, factory equipment and key configuration. We confirm the vehicle and required module before scheduling installation.
