Short Description
2006–2012 Mercedes-Benz GL Class factory-key remote start — $899.99 professionally installed in Cleveland. No spare key required. Factory Panic-button control and programmable comfort features. Anti-theft / anti-carjacking capability included; optional SmartStart interface and active service required for app operation. Shutdown at 0 MPH.

Description
MERCEDES-BENZ GL CLASS • 2006–2012

No spare key sacrificed. Professionally installed in Cleveland, Ohio.

Remote start your 2006–2012 Mercedes-Benz GL Class using the factory key you already carry. Give the cabin time to warm up during a Cleveland winter or begin cooling before a summer drive.

No Spare Key Required

Keep your factory keys. This installation does not require giving up a spare key. Confirm

your exact vehicle and factory equipment with us before booking.

FACTORY KEY CONTROL Works with your existing factory Panic button.
ANTI-CARJACKING CAPABILITY Included capability; SmartStart required to operate. Shutdown at 0 MPH.
INSTALLATION INCLUDED $899.99 at our Cleveland shop.

Anti-Theft / Anti-Carjacking Protection

Included system capability — Directed / Viper SmartStart required to operate. Add the optional $200 SmartStart interface for phone operation.

Use **AUX1 in the SmartStart phone app** to request immobilization. **The vehicle shuts down at 0 MPH.** We demonstrate the configured function and its limitations at installation. Active service and compatible cellular coverage are required for phone operation.

Designed Around Your Mercedes-Benz

- **Factory-key remote start:** Panic-button activation with your existing fob.
- **Programmable run time:** Configure supported settings for your daily routine.
- **Automatic comfort:** Temperature-based activation of compatible factory heated seats and rear defroster, using programmable outside-temperature settings.
- **Stalk-control programming:** Adjust supported run time, number of starts, light flashes, immobilizer settings and more.
- **SmartStart integration:** Remote start/stop, lock/unlock, optional vehicle immobilization, status, location and alarm notifications according to installed hardware and service plan.
- **Expandable security:** Add compatible shock, tilt, glass-break and tow sensing; optional sensors and required security hardware are separate.

- **Vehicle-specific integration:** Harness connections designed to integrate with the factory electronics, with no factory wires cut.

Comfort features require the corresponding factory equipment. Available controls, settings and notifications depend on the vehicle, installed hardware and service plan. Factory-key range depends on the original remote and surroundings. Cellular control requires active service, phone internet access and compatible coverage at the vehicle.

$899.99 Installed

Includes the SKS-GL-164 system, required harnesses, programming and professional installation. No spare factory key is sacrificed. Additional handheld remotes and security sensors are not included. SmartStart hardware and cellular service are optional and separate.

Optional Smartphone Upgrade

Directed / Viper VSM550 Pro SmartStart +$200

Add cellular smartphone control and operate the included anti-theft / anti-carjacking capability from the app. Active service, phone internet access and compatible cellular coverage at the vehicle are required. GPS location and supported alerts depend on your service plan. Hardware and service are separate from the $899.99 base installed package.

Installation & Warranty

Professionally installed, programmed and tested at **Access 1 Alarm & Audio, 10418 Lorain Ave, Cleveland, OH 44111**. Includes a **5-year system warranty** and installation labor coverage **for as long as the original purchaser owns the vehicle**. The optional VSM550 Pro interface has a **1-year hardware warranty**. Existing factory keys are not covered as newly supplied remotes; cellular service has separate terms.

Frequently Asked Questions

Is a spare factory key required?

No. This package does not require giving up a spare factory key. Keep all of your

existing keys.

How do I activate remote start?

Press the Panic button on your existing factory key fob. We demonstrate the configured start, stop and takeover procedure at pickup. Factory-key range depends on your original remote and surroundings.

How does the anti-theft / anti-carjacking feature work?

The anti-theft / anti-carjacking capability is included in the remote start system. Directed / Viper SmartStart is required to operate it. The AUX1 control in the phone app requests immobilization; vehicle shutdown takes effect at 0 MPH. We demonstrate the configured operation and limitations at installation. Smartphone operation requires compatible hardware, active service and cellular coverage.

Is SmartStart included?

SmartStart is an optional $200 upgrade to the $899.99 installed package. It is required to operate the included anti-theft / anti-carjacking capability from your phone. Cellular service is separate.

Can I add security sensors?

Yes. Ask about adding compatible shock, tilt, glass-break and tow sensing. Sensors and any required security hardware are optional and separately priced. Alarm notifications require compatible installed equipment and a suitable service plan.

How do the comfort features activate?

Compatible factory heated seats and the rear defroster can activate based on programmable outside-temperature settings. The corresponding factory equipment is required; confirm supported functions for your vehicle before booking.

What can I program from the stalk?

Supported settings include run time, number of starts, light flashes and immobilizer settings. We demonstrate the available stalk-control adjustments after installation.

Does $899.99 include installation?

Yes. The price includes the SKS-GL-164 remote start system, required harnesses, programming and professional installation at Access 1 Alarm & Audio in Cleveland. Optional smartphone hardware, security sensors and service are separate.

What warranty is included?

The system has a 5-year warranty, with installation labor covered for as long as the original purchaser owns the vehicle. The VSM550 Pro interface has a 1-year hardware warranty when supplied. Existing factory keys are not covered as new remotes; cellular service has separate terms.

Confirm your GL Class configuration, SmartStart requirements and security options before booking.
