Leather Viper 7856V Case

Description

Leather Remote Control Case ONLY For Viper 7856V Remote Control

Viper 7856V 2-way LED remote control protective leather case for your Viper remote control. Your remote control is worth over \$100 and what better way to protect it than with a quality leather case from Access 1 Alarm & Audio!

Leather Remote Control Case ONLY

Our leather cases are proudly made in the USA and are designed to fit your remote control with perfection. Each case is made from genuine cow hide, stitched with high tensile strength nylon thread and utilizes soft clear PVC plastic to protect the screen and buttons.

This leather case features:

Side access port for the "f" Function Button.

Clear plastic protection for the screen and buttons.

Raised leather edges to protect the side button from accidental activation.

High quality button snap to allow for easy removal and cleaning.

Thick leather to provide shock and impact protection.

Leather Remote Control Case ONLY

Made for the 2-way Viper 7856v remote control. This case will not work with the Python 7857P remote control.

This listing does not include the remote control shown in the images, it was used as a static display to demonstrate what the case would look like with a remote control. We do however have a variety of remote controls and leather cases available in our store.
