Description

AVITAL REMOTE START | CHEVY TAHOE

Remote Start Your Chevy Tahoe from 1000' away with a simple press of an Avital one-button remote. Rated range is up to 1,000 feet; buildings, interference, and your surroundings can reduce actual range.

Start your Tahoe before heading out on a cold Cleveland morning or a hot summer afternoon. Remote starting lets the vehicle's climate system begin warming or cooling the cabin using its existing settings, so your drive can begin more comfortably.

Up to 1,000-Foot Range

Send the start command from a distance. Actual range varies with your surroundings.
